

ECUMENICAL REPORT SEPTEMBER 2009

Ecumenical activity has been fairly quiet since the Across Hemel Mission of May 2009. There has been some email discussion as to how we can move forwards in the future, but no detail has been decided on. It is hoped that we can build on the foundations established over months of preparation and have some form of joint activity, though on a much smaller scale to this year.

Pray Hemel continues to bring the denominations together each month in a different venue and with a different style of prayer each time. On Saturday 5th September the meeting will be at the DENS day centre, a shining example of how we can all work together for the common good.
